General information

In all cases, after cleaning, medical advice should be consulted as quickly as possible with the MSDS.

Intoxication

The symptoms resulting from intoxication can appear after exposure, therefore, in case of doubt, consult medical attention for direct exposure to the chemical product or persistent discomfort. Never give an unconscious person water or other drink.

Inhalation

There are no special measures required.

Skin contact

Product is not classified skin irritant. Flush with water.

Eye contact

Remove contact lenses. Rinse open eyes immediately and long enough with plenty of water. For persistent symptoms, consult an oculist.

Ingestion

If swallowed do not induce vomiting. If possible give defoaming pharmaceutical against flatulences, e.g. Lefax®, Espumisan®, etc. Immediately wash out mouth thoroughly with water and rinse water back out. In case of vomit keep the head in deep position to prevent aspiration of vomit.
